RISE OF ILLINOIS IS FURTHER MENACING CITY OF BEARDSTOWN

Ninety Blocks of City Are Affected by the Flood—City Isolated from Highway Travel—Crest of Flood Expected at Meredosia—Conditions Grow Serious at Peoria

(By The Associated Press)

BEARDSTOWN, Ill., April 12.—Illinois river was rising rapidly here tonight and flood damage grew more serious as water worked havoc to buildings, many of which settled, resulting in broken window panes and strained doors. Other buildings were braced thru fear of cave in.

Ninety blocks of the city were affected by the flood. Stores and theaters closed today.

The river reached a level of 23 feet tonight, eight inches higher than the high water record of 1884.

Water in the area flooded as a result of the break in the west end levee yesterday reached its level today and increased its depth with the rising river tonight.

One fourth of the business district was affected by the flood tonight while one-half of the residence district in the west part of the city was under water.

The first casualty as an indirect result of the flood occurred today when the one year old baby of the Cordell McDaniel family, living in the temporary tent colony fell from a high chair on to a hot stove and was seriously burned.

Driven from its home which is now flooded by four feet of water the McDaniel family faced another move with its injured child tonight as the rising water crept closer to its tent.

The drainage district levee protecting 5,000 acres of farm lands broke tonight. Water covered the Chandlerville and State Road and isolated Beardstown from highway travel. Tracks of the Baltimore and Ohio and the Chicago, Burlington and Quincy railroads were said to be threatened.

Situation at Meredosia

SPRINGFIELD, Ill., April 12 The crest of the Illinois River at Meredosia is expected tomorrow, Adjutant General Carlos E. Black announced tonight following a report from Colonel S. O. Trigg who was transferred from the smaller river town farther south.

The Illinois Naval Reserve Boat "Illinois" which was ordered from Alton to Meredosia last night, was turned back by the adjutant general today when it was found that launches would serve suitably to transport sandbags across the river. The danger at Meredosia was said to be confined chiefly to a levee on the west side of the river. This levee protects many acres of farm lands.

Another shipment of military tents was sent to Beardstown today by General Black. Supplies of tents formerly sent to Beardstown were almost exhausted today as the flood spread following yesterday's break in the levee. Train service on the C. P. &. St. Louis railroad between Alton and Lockhaven, discontinued for several days as a result of a washout, will be resumed tomorrow officials announced tonight.

Peoria and Pekin Threatened

PEORIA, Ill., April 12—A five hundred foot section of the Lamarsh drainage district dike between Hollis and Pekin gave away at six o'clock tonight. Many families have been driven from their homes to the higher lands.

Tonight a heavy rain is falling in Peoria and the Illinois River is steadily rising. M. L. Fuller, United States weather forecaster said tonight he expected the river to register 24 feet by six o'clock tomorrow morning. This would be the highest stage for many years. Five hundred feet of track of the Pekin Railway Terminal were washed out by the breaking of part of the drainage district dike. Three thousand acres of land have been inundated.

Water is at the foot of Main street the principal street in Peoria. The basement of the light plant in Peoria is flooded and pumps are at work to protect the city's lighting system. Basements of practically all factories along the river are flooded.

Residents of Pekin near here were placed on a ration of power by the light company because of the inability of the plant to carry the normal load. Half of the town is in darkness tonight.

The mayor of Pekin tonight called the Peoria association of commerce saying the Pekin bridge had been swung and that traffic must be stopped. The hard road connecting Peoria, Springfield and St. Louis was inundated between Hollis and the western approach of the Pekin bridge.

Fires were put out at the Isolation Hospital in Peoria by the high waters and only the urgent cases are to be handled until the water recedes.

Reports from Petersburg say armed guards under command of Mayor Campbell tonight are patrolling the levee here to circumvent an alleged plot of residents of a flooded section of the city to dynamite the levee in a desperate effort to diver the waters of the Sangamon river from their homes.

BORAH CHARGES SEMENOFF WITH HUMAN BUTCHERY

Is Upheld in His Accusations by American Officers

(By The Associated Press)

WASHINGTON, April 12. — Charges of human butchery made by Senator Borah against General Gregory Semenoff, Russian anti-Bolshevik leader, were testified today before the senate labor committee by two leaders of the American expeditionary forces in Siberia, Brigadier General W. S. Graves, commander and Lieutenant Colonel Charles H. Morrow, his chief aide, who gave instance after instance of murder, rape and banditry which occurred during the period of American occupation of the region.

Called before the committee in an investigation which Chairman Borah hopes may lead to deportation of General Semenoff now under arrest in a civil case in New York the officers gave accounts of crime, described as unbelievable unless witnessed, excerpts from official army records and other evidence covering the perion between September 1916 and April 1920 of a nature seldom, if ever laid before a congressional committee. At the conclusion Mr. Borah turned to Colonel Morrow and said:

"You were there, now tell us who were in your opinion responsible?"

"Semenoff!" Colonel Morrow shot back.

"Anybody who was in that part of the world at that time knows that he was responsible."

General Seminoff was represented by his attorney J. K. Clark, who announced that he would attempt to have the Russian officer come here to testify but who was sure that General Seminoff would be allowed to leave the state, because of his being under arrest. Mr. Borah said it was not the intention of the committee to subpoena General Seminoff at this time.

Branded Brutal Murderer.

General Graves branded the Russian general as "a brutal murderer" and declared he had not regretted one of the crimes with which he was charged.

General Graves declared it was not possible for the situation to have escaped General Seminoff's notice.

Colonel Morrow said before he left Siberia in January 1920 his command had disarmed 4,500 of Seminoff's soldiers adding that had he remained longer all of them would have been disarmed. Outside influence, he said was exerted, preventing the Americans and the Czechs who were co-operating with them from carrying out the purpose.

General Graves recited how Russians were hauled by train loads to the slaughtering grounds.

General Graves and Colonel Morrow declared there were other instances altho not as large in the number of killings but "outrageous" and unequalled in a few instances in history.

Continual interference with American operation of the railroads in this sector was declared by Colonel Morrow to have been from the Seminoff men.

SMOKE CAUSES FIRE ALARM

The fire department responded to a call early Wednesday morning at the home of Charles Jackson, 427 South Jackson street, where the smoke from the furnace caused some alarm.

GOMPERS TAKES FOSTER TO TASK IN CHICAGO TALK

Says One Big Union Idea Propaganda for Revolution

(By The Associated Press)

CHICAGO April 12—William Z. Foster, who directed the steel strike was charged tonight by Samuel Gompers, president of the A. F. L. of being instigator of the socalled one big union movement in the labor organization. Mr. Gompers' charge came in addresses before presidents of various unions in the Chicago Federation of Labor and followed a five hour session during which the one big union movement was bitterly assailed and as valiantly defended.

Previous to Mr. Gompers' address Foster had spoken in defense of the big union principle recently approved by the Chicago Federation of labor which passed a resolution petitioning the A. F. L. to call a conference to discuss the feasibility of amalgamating all unions in any one industry into one central body. The resolution Mr. Gompers contended was tantamount to the formation of one big union. Defenders of the resolution declared it did not involve the one big union feature. "Back of that resolution Mr. Gompers charged," is the propaganda of radical revolution to overthrow the constituted government of the United States.

"To do that as Lenine said, the American Federation of Labor must be overthrown and William Z. Foster wants to become the autocrat of America."

Is Shouted Down.

The meeting ended at the close of Mr. Gompers' address when Foster tried to regain the floor, but was unrecognized by Mr. Gompers and was shouted down.

Replying to criticism voiced by previous speakers that the American Federation of Labor was disintegrating Mr. Gompers asserted that in no similar area, in industrial history had the spirit of unionism been so alive and virile as now."

He urged the Chicago Federation forces, decitogether, units your to do, then never stop until the job is complete.

President Gomers launched almost immediately in an attack on Foster. The Labor Herald of which Foster is the editor was described by Mr. Gompers as a monumental, brazen publication, and the trades union educational league of of which Foster is the secretary was termed an organization attempting to dictate the policies of the labor movement.

"While I am a trade unionist from the ground up, I am first of all an American and never in history have I known such a self-appointed autocrat as this Foster who discarded the I. W. W. doctrine to return to the red mantle of sovietism."

Foster as delegate of the local carmen's union gained the floor in defense of the big union idea after it had been attacked by previous speakers. He asserted that the one big union idea was bound to come that it would be in effect in a few years and that when it went into effect a union after being authorized to strike would have the backing of every other union in the country and thus no strikes would fail. The idea he said was not new, but was already being voted upon in England.

START ON FLIGHT AGAIN TODAY

Lisbon, April 12.—Captains Saracadura and Coutinho who are attempting to span the Atlantic in a light hydroaeroplane expect to start on the third stage of their flight to Brazil at 1 o'clock tomorrow morning said a message today from the Cape Verde Islands. The message said the aviators probably would call at St. Peters' or St. Paul's rocks about 12 hours flight from St. Vincent to refill with gasoline and oil from the Portuguese warship Republica.

HOOVER ASKS TRADE ASSOCIATIONS FOR STATISTICAL FACTS

Will be Published for Benefit of Business and Public

(By The Associated Press)

WASHINGTON, April 12.—Trade associations thruout the country were asked today by Secretary Hoover to furnish voluntarily to the commerce department statistical information concerning industries to be published by the government for the benefit of business and the public generally. Several hundred representatives of national and interstate trade associations met in conference with Mr. Hoover to discuss means of making available to the commerce department data on the various industries at stated intervals. He told the conference that the methods to be employed in supplying the statistics could be best worked out with the associations desiring to cooperate with the government and stressed that the service was to be voluntary with no intent on the part of the department to force associations to furnish statistics.

Considerable discussion was devoted to the application of the restraint of trade act.

Interpretation of Act

Chairman Gaskill of the federal trade commission told the conference that there should be a positive intergretation of the law governing trade association activity and pointed that all the acts now in force were directed against certain methods which resulted in stating negatively the prnciple that the country was established upon the principle of competition. Trade associations, he declared, should bear in mind the fundamental principle of the competitive system when considering any activity in the light of the law governing their acts by "fair treatment by all and a square deal."

"The first step out of the twilight zone into the morning daylight is the publication of trade information," Mr. Hoover said. "Statistical information as to productivity and national stocks," he added, "is needed not alone by the man in a particular industry, but the same information is needed by men in other industries and is needed by every agency of the government. A study of the trend of production and consumption does not imply restraint of trade. If it does, then the whole statistical basis of commerce that fills one [illegible] we abolished it we would be bankrupt in ten years."

"The matter that I am principally interested in is that this information should be available to the whole public. It is the old question as to whether a community will succeed if it acts in ignorance or if it acts with knowledge."

WOMEN STUDENTS ASKED TO LEAVE

(By The Associated Press)

YPSILANTI, Mich, April 12.—Seventeen women students at the Michigan State Normal College here have been asked to leave the institution and 13 others have been placed on probation, it was learned today as the result of alleged infriction of school regulations.

Coincident with this information a proclamation was issued by Charles McKinney, president, and Mrs. Bessie Priddy, dean of women, citing a list of things that are forbidden at the school.

"The college will not knowingly permit any young woman to remain in school much less graduate her who smokes tobacco," the proclamation stated. Evasion of closing hours, automobile riding without permission, attentions from strange men and "gaining access to rooming houses by ways of windows" are also on the list of forbidden adventures.

ULTIMATUM MAY BE ISSUED TO BOARD

(By The Associated Press)

CHICAGO, April 12.— Proposals of an ultimatum to the railroad labor board if it does not act on the legality of contracting shop work to private firms by railroads to avoid paying wage rates fixed by the board were made before the convention of the Railway Employes department American Federation of Labor One resolution specified that 30 days be given the board in which to act on contract cases now pending and in event no action is taken that the shopmen take the matter into their own hands.

Today's session of the sixth biennial convention was devoted to reading resolutions, another one of which endorsed William G. McAdoo, former director general of railroads for president.

WOULD HAVE PEOPLE VOTE ON BEER

Washington, April 12.—Voters would be given opportunity under a bill introduced today by Representative Hill, Republican, Maryland to determine at the polls next November whether the manufacture and sale of 2.75 per cent beer should be permitted in the congressional districts.

The bill would provide a tax of 20 cents a gallon on beer.

RICHARD YATES IS NOMINATED FOR CONGRESS

Henry R. Rathbone of Kenilworth Will be Running Mate

(By The Associated Press)

CHICAGO, April 12—Congressman Richard Yates and Henry R. Rathbone of Kenilworth, Illinois, were nominated today to make the race of congressmen-at-large on the Republican ticket in this state while Stephen A. Day of Evanston was chosen to the vacancy that exists in congress from this state thru the death of William Mason. The latter's daughter, Mrs. Winnifred Mason Huck made a gallant race to succeed her father but with four-fifths of the precincts heard from tonight she was more than 18,000 behind Mr. Day and losing ground as the downstate precincts held back by slow count and numerous floods came in.

Of the district congressmen who are trying for the nomination to succeed themselves two from downstate districts failed. Both races were close and in each case local newspapers point out an avowed wet candidate proved a winner over one who was recognized as a dry. These dry congressmen were Ira C. Copley of Aurora in the eleventh district, and Clifford Ireland of Peoria in the sixteenth district. Copley went down to defeat before Frank R. Reid of Aurora after a sensational contest in which the present congressman held the lead during early returns and saw it slowly wiped out as his opponent rolled up majorities toward the finish.

It was seen early in the count that William Hull of Peoria was making a strong bid for honors against Congressman Clifford Ireland. The race was nip and tuck until the finish when Hull piled up a lead that could not be overcome.

Other Candidates.

Of the other candidates, Congressman Madden, Republican in the first, Sproul, Republican in the third, Rainey, Democrat, in the fourth sabbath Democrat in the fifth, Gorman, Republican in the sixth, Anderson, Republican in the seventh and son, Republican in the tenth conducted successful campaigns.

In the Twentieth district, Henry T. Rainey, former congressman, has been nominated on the Democratic ticket, having a safe majority over two aspirants.

In the Twenty-First district J. Earl Major of Hillsboro is leading John S. Schnepp of Springfield by a fair majority, 179 precincts of 223, in the district giving Major 7,504 and Schnepp 5,676.

In the Twenty-Third district with a little less than half of the precincts heard from William W. Arnold of Robinson, is ahead of Albert H. Gravenhorst of Effingham by a ratio of more than two to one.

In the Eighteenth District Uncle Joe Cannon's home, a four man contest developed a pretty race with 184 precincts of 212 in the district reporting John H. Lewman of Danville leading with 9245, William P. Holaday of Georgetown has 8,468; E. B. Cooley of Danville 8,331 and Charles R. Raymond of Watseka has 6,223.

In the Democratic contest for congressman-at-large with half the total precincts of the state reporting, William Murphy of Chicago and Simon J. Gorman of Chicago were leading. But owing to the light vote on Democratic ticket and the small number of precincts heard from their leads were by no means commanding.

DISCUSS PLANS FOR NEW STADIUM

Chicago, April 12.—Trustees of the University of Illinois discussed the location of the stadium to be erected at the university at their regular monthly meeting today. Three sites were taken under consideration and it was announced that nearly half of the fund needed for the stadium has been collected. The trustees also approved preliminary plans for a library and laboratory building for the college of medicine. The building, for which an appropriation of $500,000 has been made, will be located opposite the Cook county hospital in Chicago. Operations are expected to start this summer.

GIRL CAN PAINT TO HEART'S CONTENT

Corning, Ark., April 12.—Miss Pearl Pugsley, 18 year old school girl, has the right to attend classes with talcum powder on her face and the rules of the Knobel, Ark., school board, banning the use of cosmetics by students and which resulted in her expulsion last September are unjust, Circuit Judge Bandy held in a decision tonight.

ANTI-SALOON LEAGUE MAKES ANNOUNCEMENT

Chicago, April 12.—The Illinois Anti-Saloon League announced that its compilation of yesterday's primary election showed that 82 per cent of the 51 dry candidates in Chicago and Cook county had been victorious.

BOX CAR AND ADOBE HOMES PICTURED ON R. R. RIGHT OF WAY

Maintenance of Way Employes Are Fighting Wage Cut

(By The Associated Press)

CHICAGO, April 12. — Living conditions in a box car and adobe homes along the right of way of southern railroads were pictured to the railroad labor board today by witnesses for the maintenance of railway employes who are fighting proposed wage decreases before the board. Mexican laborers, obtained by "man grabbers" along the border are hauled into Texas and Oklahoma by the carload H. C. Dunaway of Cleborne, Texas, told the board. These men, he said, supplanted white labor, lived in pitiful conditions and were so poorly nourished that they could not do a proper days manual labor.

A menu of stew concocted from scrap been and "bread as hard as a brick" Mr. Dunaway said was the subsistence.

At Danville, Thomas Powell, section hand receiving $75 a month said his children had to go to school in overalls, waists and sometimes patches. He and his wife have eight children he testified and Mrs. Powell is compelled to take in washings to make the family income cover expenses.

Preceding these witnesses several women testified to their home conditions declaring that their husband all of who mwere section hands or foremen did not receive enough from the railroads to maintain a comfortable standard of living.

Expect to Make it in 240 Hours Actual Flying Time

(By The Associated Press)

LONDON, April 12.—Arrangements have been completed for the attempted flight around the world to be undertaken by two Australian brothers Sir Ross Smith and Sir Keith Smith. With an engineer they plan to start from Croyden near London April 25.

The aviators expect to cover the [illegible] spread over a period of three months.

They will use a flying boat fitted with wheels for alighting on land and propelled by a 450 horse power engine.

They intend to fly three days and rest every fourth day. The route will be by way of France, Cairo, Asia, China, Japan across the Pacific ocean, via the Aleutian Islands, touching land southeast of Vancouver thence to New York via Winnipeg; thence to St. Johns N. B., and thence across the Atlantic.

GAS BEING USED TO DESTROY PESTS

(By The Associated Press)

WASHINGTON, April 12. — How the Gophers, Jack Robbits, Boll Weevils, crows, blackbirds, rust in wheat, rats and other pests have been declared common enemies to be exterminated, was told the senate appropriations committee today by Brigadier General Fries chief of the chemical warfare service. The lessons learned in the last year, he declared were being directed to the aid of mankind thru the strictly peace operations of other departments of the government. Gases have been used in the west for killing jack rabbits and gophers, Mr. Fries said. Mustard gas he explained was sprinkled over the paths of the jack rabbits, irritating their feet and causing them to rub them across the fact, the poison then quickly becomes effective.

FATTY ARBUCKLE IS FOUND NOT GUILTY BY JURY YESTERDAY

Jury Was Out Six Minutes and Their Verdict Was Arrived at by Acclamation in Less Than One Minute—Defendant Holds a Reception for Friends Following Acquittal

(By The Associated Press)

SAN FRANCISCO, Cal., April 12.—A verdict of acquittal was returned by a jury today in the third trial of Roscoe C. "Fatty" Arbuckle on a manslaughter charge growing out of the death of Miss Virginia Rappe, motion picture actress. The jury was out six minutes.

The verdict was by acclamation, the deliberation taking less than a minute. The additional time was consumed by details.

The defendant was deeply affected. His wife cried quietly. Both she and Arbuckle shook hands with the jurors. The quick return of the jury was a surprise.

Edward Brown, whose presence on the jury was objected to by the prosecution, was foreman.

"Arbuckle has no immediate plans," Gavin McNab, his chief counsel, said. "It was a splendid victory."

The jurors and spectators crowded around Arbuckle and his counsel and finally bore him off to the jury room to congratulate him further, a demonstration in the court room having been forbidden.

The statement issued by the jury was signed by all the jurors including the two alternates. It follows:

"Acquittal is not enough for Arbuckle.

"We feel that a great injustice has been done him. We feel also that it was only our plain duty to give him this exoneration under the evidence for there was not the slightest proof adduced to connect him in anyway with the commission of a crime. He was manly thruout the case and told a straightforward story on the witness stand which we all believed. The happening at the hotel was an unfortunate affair for which Arbuckle, so the evidence shows, was in no way responsible.

"We wish him success and hope that the American people will take the judgment of 14 men and women who have sat listening for [illegible] to the evidence the reading of written [illegible] the court's final [illegible] ry.

The day was largely by the concluding argument of Gavin McNab, chief counsel for the defense and Leo Friedman, youthful assistant district attorney. McNab charged that the district attorney processed witnesses to "railroad" Arbuckle to the penitentiary. Answering this, Friedman said that had the prosecution undertaken to frame the case, there would have been no chance for a defense.

Arbuckle was nervous thruout Friedman's argument. He whispered to the counsel at times when Friedman appeared to make a particularly telling point.

"The fact that an indictment had been returned against the defendant is no evidence of his guilt," the court said.

Issues Statement

Arbuckle issued the following statement tonight:

"This is the most solemn moment of my life.

"My innocence of the hideous charges preferred against me has been proved by a jury of the best men and women of San Francisco, giving a verdict immediately after the trial.

"For this vindication I am truly grateful to God and my fellowmen and women.

"My life has been devoted to the production of clean pictures for the happiness of children. I shall try to enlarge my field of usefulness so that my art shall have a wider service.

"It is the duty of all men to use the lessons that have been given them by experience and misfortune for the benefit of all to make themselves more useful to humanity. This I shall do

"I can only repay the trust, confidence and loyalty bestowed upon me during my trouble by millions of men and women thruout the world by giving service in justification of their faith."

Up to Directors

LOS ANGELES, Cal., April 12—The question of whether motion pictures showing Roscoe Arbuckle will be shown again is one to be determined by the board of directors of the Famous Players-Lasky corporation, Cecil B. Demille, director-general of the corporation said upon being informed that Arbuckle had been acquitted of manslaughter.

The pictures were withdrawn by the Lasky corporation soon after Arbuckle's arrest last September. Mr. Demille said he was "very glad" to hear of the acquittal but had no other comment to make.

SAY OPERATORS ARE NOT SINCERE

Pittsburg, Kansas, April 12.—Charges that the coal operators of the southwest in making overtures for contract negotiations were not acting sincerely but merely trying to manufacture public sentiment in their favor were made today by George L. Peck, provisional president of the Kansas Miners' Union.

NAVAL BUDGET OF 1923 MEETS WITH MUCH OPPOSITION

Eight Hours of Debate Ends With Little Progress Made

(By The Associated Press)

WASHINGTON, April 12.—When the eight hours of debate was reached tonight the air was filled with claims by leaders opposed to the bill's provision for an enlisted force of 65,000, that votes enough had been pledged to beat it. This prediction coupled with violent attacks on the measure took the edge off Chairman Kelly's smile and once or twice he put on his fighting clothes. Time and again he charged that back of the movement for a bigger navy was the desire of members from navy yard districts to increase the total appropriation so that the activities of the establishment might not be curtailed.

Suggestions from some sources that the committee added a little to its personal strength were cast aside by Chairman Kelly with the declaration that the bill had to stand or fall as reported and that if the enlisted figure was raised to 86,000 there would be a record vote in the house.

Most Speeches Against Bill

Most of the speeches today were against the bill. Representative McArthur Republican member of the naval committee in announcing that he would offer an amendment providing for 68,000 told the house it ought not shift the responsibility of writing the bill to the senate.

There was a constant squabble over the enlisted strength of British and Japanese navies the statement being repeatedly made and denied their figures were greater than those allotted the American navy under the bill.

Representative Rogers Republican intimated that the committee had obtained its estimates from the British embassy here.

Asked by Mr. Rogers if he had been in direct personal contact with the British and Japanese embassies, chairman Kelly said he would refuse to answer.

The measure will be taken up tomorrow for consideration item by item an dif there is smooth sailing and not too much five minute debate a vote on amendment to the personnel section may be reached in the day. The first vote will be on the proposal to make the total 86,000 unless somebody steps up with a move to split the difference between that total and the committee figure of 65,000.

Mr. McArthur said tonight 194 members had given a pledge to support his amendment.

OLYMPIC GAMES AT COLOMBES GROUNDS

Paris, April 12.—The deadlock of ten months which had existed over the choosing of a site for the Olympic games in 1924, was broken this evening when the French Olympic committee decided to go it alone and formally accepted the offer of the racing club of France of their Colombes grounds and informed the municipal government of Paris that it would require no aid from it.

This decision finally eliminates Pershing Stadium as the place for holding the games.

Commenting upon the Chicago crime situation Charles M'Claughry, a veteran as a prison warden, has suggested that registration of all citizens the general facts about them, would help identify the criminal classes and aid in the control of crime. Separating the sheep from the goats in Chicago, wouldn't that be a colossal task? They'd have to build stockades. The prisons wouldn't hold 'em.

The way in which Former Governor Richard Yates led in the primary contest for nomination for congressman at large bears eloquent testimony to his abiding popularity. The former governor made his announcement and sent some campaign literature into the state, but stayed at the job in Washington and let the campaign take its own course. Evidently there was no need so far as Mr. Yates was concerned to make a personal canvass.

"The idea that a mayor or chief of police is at liberty to permit any law or ordinance to be violated is monstrous." This statement from a public utterance of the late Benjamin Harrison while president of the U. S., is on a placard which is now hanging near Mayor Crabtree's desk at his office in the Farrell State bank.

An organization interested in law enforcement is sending out these placards and certainly the message is one which will bear repeating. It very often happens that people have a feeling that a law which they realize is needed for the general good but happens to be irksome for them, should not be applied in their case, that there should be exceptions to the rule of law enforcement. The present disregard for law thruout the country is partially attributable to this failure to recognize that laws as a rule are the result of majority opinion and are applicable to all the people equally.

If conditions keep on getting worse in Chicago there will be plenty of work for the vigilantes, and such an organization of citizens can be expected to come quickly into life. As a result of the labor war have come the bombing of homes, murder and other crimes, and the regularly constituted authorities seem unable to cope with the situation.

The time is getting near at hand when law abiding private citizens must take hold of the situation themselves. It is the extreme radicals in the labor organizations that are bringing about the condition, but they hold the rank and file of their organizations in such control that the majority seems ruled and led by the small minority.

THE CITY ELECTON.

The regular city election will be held next Tuesday. In the First Ward, John W. Baptist is the Republican candidate, Second Ward, Basil Sorrels; Third Ward, John D. Cain and Fourth Ward, T. A. Chapin, the Republican candidates. The fact that sharp contests are not anticipated should not prevent interest in the election. In fact, good citizenship suggests taking part in this and other elections. Men who serve as aldermen, even if paid the salary fixed by law, do so at a sacrifice of time, and they are entitled to at least the showing of interest that the public can give on elecion day.

The question of opening the picture shows of Jacksonville on Sunday is also to be voted upon Tuesday and there should be a free expression of the people on this question. The members of the city council have indicated that their action as to permitting theatres to operate will be guided by the wishes of the people as expressed in this election.

REPUBLICANS IN FINE FORM FOR FALL ELECTION

Now that the primary election of Tuesday is a matter of history, the Republicans of this county can look forward to the November election with complacency. A strong ticket has been placed in the field and by the election of the Republican nominees the people of the county can have definite assurance of efficient and stable county government.

At no time has the ability or integrity of Judge Samuell been questioned and Mr. Riggs as county clerk has proved very efficient. Charles S. Black, the candidate for sheriff, has a reputation of stability that has stood the test of years, and Harry Norris, candidate for county treasurer, has the ability to fill that office in a creditable way. J. Chesterfield, experienced in education, a G. A. Dunlap and [illegible] of the county board are entitled upon to use the same judgment that has marked his record in private business.

There has been general surprise at the heavy vote given in this county for Isidore Levin, candidate for representative. Mr. Levin did not have the endorsement of either of the two factions in this district, yet in this county he won very handsomely over the other contenders. His was a distinct anti-Small campaign and he went before the people asking election on that basis. So it is not too much to say that the heavy vote for Mr. Levin in this county was intended as a rebuke to Governor Small.

However, a study of the returns from an unbiased viewpoint indicates that there may be error in that interpretation of the Levin vote, for Samuel E. Moore, was the next favorite in this county and Mr. Moore had the open endorsement of the Small administration, both in Sangamon and Morgan counties.

Judged by the figures the people of this county do not approve of the minister in politics, for Dr. Rogers had the lowest vote. Mr. Frisch has always been counted upon as a good Morgan county friend and with friends here, so the slump in his support came somewhat as a surprise.

Among the many issues injected into the campaign was the officialism of Richard Dye. For years Mr. Dye has fought the battles of Col. Frank L. Smith as against local aspirants for place on the state ticket, until a political feud has arisen with the passing years. Many young men in politics have been educated into opposing any candidate or measure endorsed by Mr. Dye. These men, brought up with this antagonism, could not approve or endorse his views, regarding candidates, or alliance with others. Nevertheless Mr. Dye has had a following, tho a minority, otherwise he could not have attained his present position.

Mr. Dye has a responsible position under Governor Small and is capable of filling it to the satisfaction of the governor, but he and his position unquestionably were factors that entered largely into the local contests. Incidentally it is Mr. Dye's own statement that the position he holds was his before any resident of Jacksonville was consulted.

The personal interest taken in the campaign by State Auditor Andrew Russel was also an unusual factor. However, from a Republican viewpoint, it is a pleasure to note that difference of opinion went with the closing of the polls on primary day and there was not a factional contest here that has not come to an end, at least so far as the coming election is concerned, and tha Republican party will go into that contest with a united front.

Republicans here all have their "coats off" and are going into the November election with a winning spirit and a winning stride.

Mr. J. Herman purchased a fine line of coats, suits, and dresses, at greatly reduced prices in Chicago yesterday. These goods are manufactured in New York City and are arriving on every express. Every one of our patrons will get a good bargain in a fine garment.

WILL FORM "I" CLUB AT ILLINOIS COLLEGE

New Organization Will be Composed of all Illinois College Students Who Have Won Letter in Any Branch of Sport.

What promises to be a very important step in the progress of athletics at Illinois College was taken on Tuesday evening when twenty-two men of the college met in the gymnasium for the purpose of forming a permanent organization to be composed of men to whom the college emblem has at any time been awarded in recognition of superior athletic ability. No time was lost in getting down to business. Temporary officers were elected as follows:

President—Felix Farrell, '22.
Vice president—Eugene Mellon, '23.
Secretary—Byron Cully, '22.
Treasurer — William Calhoun, '22.

Then steps were immediately taken looking toward a permanent organization. It was officially decided that membership in the newly formed organization would be open to all Illinois College students, alumni, and former students, to whom the college emblem has been awarded at any time in recognition of athletic competition on the varsity athletic teams.

In recent years the emblem has been an "I," varying in size and shape for the different sports, football, basketball, baseball and track. A number of years ago the emblem was a combination of the letters "I" and "C" in white on a blue triangular background. On account of the fact that the emblem is now an "I," the name of the new organization probably will be "The Illinois College 'I' Club."

A beautifully engraved athletic certificate has recently been adopted by the athletic council, to be awarded to every man to whom an "I" is awarded. These certificates are suitable for framing and they will be admirable mementoes of athletic prowess long after the honor sweater and the "I" awarded to a man while in college, have been worn out, lost, or have become the prey of destructive moths.

These certificates will also be awarded to all alumni and former students who have qualified to receive them and who make application for them.

An eligibility committee, composed of Byron O. Cully, '22, chairman; Carlyle Antrobus, '22, and Harvey Gunn, '23, was appointed by President Farrell. This committee is delegated to prepare a list of all those men who are eligible to membership.

President Farrell was also authorized to appoint a committee to prepare a constitution and set of by-laws thereto govern the club.

It was decided to have a big meeting at Christmas time at which time eligible alumni and former students as well as eligible present students, will meet and form a permanent organization. President Farrell was empowered to appoint a committee to make the necessary arrangements for this meeting. No definite date has yet been set but the gathering will probably be held on the evening of May 13th. That is the day of the day of the seventh annual Illinois College interscholastic track and field meet. Out of town alumni and former students who are disposed to attend the "I" club meeting in the evening will also have an opportunity to see the college track team in action against Wesleyan University on the morning of the 13th as well as the interscholastic events in the afternoon.

A fourth committee to be appointed by President Farrell is instructed to report at the next meeting suggesting an appropriate design for a pin, button or fob to be adopted by the club.

Those present at the meeting last night were: Cully, Farrell, Doibow, Fiedling, Peters, Calhoun, Antrobus, Mellon, Frazer, Gunn, Rogers, Riess, Reid, Weber, Jones, Roberts, J., Riley, Brown, Roberts W., Witaschak, Dale, Hiatt and Harmon.

WESTMINSTER CHURCH HELD ANNUAL MEETING

Membership Enjoyed a Family Dinner and Listened to Excellent Reports From All Departments.

The annual congregational meeting of Westminster church was held Wednesday night. Reports were presented showing activity and interest in all departments of church work. This part of the program came following the serving of an excellent dinner and still later a business session was held, when financial reports were considered and plans for the next fiscal year were considered.

At th earlier part of the service Dr. Thomas Smith presided as moderator, with G. C. Guthrie as clerk. At the business session proper Mr. Ensley Moore was the moderator and Mr. Guthrie clerk.

The pastor made a report on behalf of the 230 members of the church organization, reviewing in a brief way what has been done and is being done thru the church.

Other reports presented were: Ladies Aid — Miss Jessie Holmes.

Woman's Missionary Society—Mrs. R. R. Stevenson.

Men's Brotherhood — C. B. Massey.

Deacons—C. B. Massey.

Boy Scouts—Robert Bentley.

Intermediate Christian Endeavor—Rhoda Rammelkamp.

Young People's Society Christian Endeavor—Glenn Wever.

Junior Christian Endeavor—Norma Davis.

Junior Congregation—Dorothy Allen.

Girls Mission Band—Mary Margaret Brady.

The Sunday School — Miss Marian Updegraff.

The report for the benevolent fund was made by James E. Bentley, treasurer, showing $1,700 raised for various funds in addition to $700 paid out for missionary work. The congregation selected William McCormick and B. F. Shafer to succeed themselves as elders, together with M. M. McComb. Walter Rabjohn was elected to serve as a deacon.

At the business session proper Mr. Moore referred in an appropriat way to the manner in which the financial affairs of the church have been handled thruout the year. Financial facts were presented by Mr. Frank Elliott, of the board of trustees, and by Mr. Bentley, as the treasurer for the board.

It was determined to make plans for the coming years somewhat earlier than usual and the trustees were asked to interview the members of the church and secure the pledges necessary to meet the month to month expenditures of the church.

As indicated, the Wednesday night meeting was well attended and all reports and statements were of a kind to give proof that the Westminser people are doing a good and useful work under the leadership of Dr. Smith.

The arrangements for the dinner were made by Mrs. W. C. Bradish with the assistance of the Ladies Aid society, a number of the younger people of the church serving as waiters.

WINCHESTER

A number of out of town guests were here Sunday to attend the wedding anniversary of Mr. and Mrs. James Garrett.

IN WILLIAM D. TAYLOR'S PRODUCTION

"Sacred and Profane Love"

The play that created a Broadway sensation and lured Elsie Ferguson back to the stage for the greatest dramatic triumph of her career.

A drama of life's master emotion—its daring, its pain, its ecstasy. Its terrible power to drag down. Its sacred power to glorify.

A romance of love and music, youth and fame. Dressed in silks, basking in luxury, but touching at times the underworld haunts of those who have lost the fight.

Now brought direct from stage to screen to mark the beautiful star's return to motion pictures. Yet far more pretentious and varied than any stage production could be.

A beauty-picture that carries straight to the heart.

DOES LAUNDRY WORK AND HOUSEWORK TOO

Surprised to Find Herself Feeling So Well

Taunton, Mass.—"I used to have pains in my back and legs so badly, with other troubles that women sometimes have, that my doctor ordered me to stay in bed a week in every month. It didn't do me much good, so one day after talking with a friend who took Lydia E. Pinkham's Vegetable Compound for about the same troubles I had, I thought I would try it also. I find that I can work in the laundry all through the time and do my housework, too. Last month I was so surprised at myself to be up and around and feeling so good while before I used to feel completely lifeless. I have told some of the girls who work with me and have such troubles to try Lydia E. Pinkham's Vegetable Compound, and I tell them how it has helped me. You can use my testimonial for the good of others."—Mrs. BLANCHE SILVIA, 59 Grant St., Taunton, Mass.

It's the same story—one friend telling another of the value of Lydia E. Pinkham's Vegetable Compound.

S. S. S. Fills Out Hollow Cheeks, Thin Limbs!

Men and women,—whether you will ever build yourself up to your normal, just-right weight depends on the number of blood-cells in your blood. That's all there is to it. It's a scientific fact. If your blood-cell factory isn't working right, you will be run-down, thin, your blood will be in disorder, and perhaps your face will be broken out with pimples, blackheads and eruptions. S. S. S. keeps your blood-cell factory working full time. It helps build new blood-cells. That's why S. S. S. builds up thin, run-down people, it puts firm flesh on your bones, it rounds out your face, arms neck, limbs, the whole body. It puts the "pink" in your cheeks. It takes the hollowness from the eyes, and it fools Father Time by smoothing out wrinkles in men and women by "plumping" them up. S. S. S. is a remarkable blood-purifier. While you are getting plump, your skin eruptions, pimples, blackheads, acne, rheumatism, rash, tetter, blotches are being removed. The medicinal ingredients of S. S. S. are guaranteed purely vegetable. S. S. S. is sold at all drug stores, in two sizes. The larger size is the more economical.

TIE FOR DEMOCRATIC SHERIFF NOMINATION

John Roach and T. O. Wright Each Given 1173 Votes by Unofficial Returns of Primary Election—Official Count May Bring Change in Totals Today.

Deputies John Roach and T. O. Wright are tied for the Democratic nomination for sheriff of Morgan county, according to the unofficial returns of the primary election Tuesday. Each candidate received a total of 1173 votes. It is probable that the official count today will give a few votes' majority to one or the other of the aspirants and thus decide the contest.

Mr. Roach had a majority of four votes over his opponent when all the precincts were in but one. However, Lynnville, the final precinct to be heard from, gave Roach 11 votes and Wright 15, thus bringing the totals to a tie.

The contest between these two candidates was the closest of any in the primary, altho up until after midnight Tuesday night Wright had a lead of about 200 votes.However, several precincts came in subsequently and diminished this majority to four. The returns from Lynnville could not be secured until late Wednesday morning and the tie then developed. Should the official count bring no change in the totals, the question as to who will be the Democratic nominee for sheriff will still be unsettled.

The accompanying table gives the vote of these candidates by precincts.

REPORT UNFOUNDED.

A report was current yesterday that Frank Shannon, colored, who recently escaped from a deputy sheriff here, had been killed in an altercation at Quincy. This story was investigated by the sheriff's office and proved to be merely an unfounded rumor.

For Raw Sore Throat

At the first sign of a raw, sore throat rub on a little Musterole with your fingers.

It goes right to the spot with a gentle tingle, loosens congestion, draws out soreness and pain.

Musterole is a clean, white ointment made with oil of mustard. It has all the strength of the old-fashioned mustard plaster without the blister.

Nothing like Musterole for croupy children. Keep it handy for instant use. 35 and 65 cents in jars and tubes; hospital size, $3.

MOORE LEADS ALL CANDIDATES IN 45TH

Rogers is Second and Frisch Third—Levin Does Not Do Well in Sangamon.

According to a story sent out Wednesday evening by the Associated Press, Samuel B. Moore and E. B. Rogers will be the candidates for the general assembly in the 45th district, which includes Sangamon and Morgan counties.

There are 141 precincts in the two counties and the figures which are given are compiled from 124 of these precincts.

Moore leads all of the candidates with a total of 21,997. Rogers is second with 18,026, Frisch third with 16,004 and Levin fourth with 12,443.

The race made by Levin in Morgan county surprised everyone. However he did not do so well in Sangamon getting but few more votes in the precinct so far heard from than he received in this county.

Mr. Frisch who has shown great interest in Morgan county and its citizens did not run nearly so well as was expected either here or in his own county.

HAS FINE SEED CORN

C. N. Priest has received samples of graded seed corn, from the Funk Bros. Seed House of Bloomington, Ill., and the G. D. Sutton seed house of Mason City, Ill. Mr. Priest will be glad to receive club orders from the farmers of this vicinity, who are interested in planting good seed corn at a nominal cost. Among the samples are Funk's Yellow Dent, Funks 90 day, Funk's Boone County Special, Bloody Butcher and Silvermine.

CANVASS OF RETURNS TO BEGIN TODAY

County Clerk Riggs has summoned an election board to begin the canvass of the election returns this morning. The board will include Justice Murphy of Concord, Justice T. T. Arisman of this city and the county clerk. The work will be pushed along just as rapidly as possible.

The question of the nomination of John T. Roach or O. T. Wright for sheriff on the Democratic ticket depends upon any change that the canvass may show, as the two are tied by the unofficial returns.

ALLEGED SWINDLER PLACED ON TRIAL

(By The Associated Press)

PEORIA, Ill., April 12—John Winsor, investment broker was put on trial today in the principal court on a charge of practicing a confidence game by which State's Attorney E. J. Galbraith said Winsor obtained $95,000. The indictment against him charges him only with obtaining $5500 from one of his alleged victims.

A large number of women of little means, who trusted to Winsor's guidance in making investments, the state's attorney said, contributed the remainder of the $95,000. Winsor contrived to keep them from lodging complaints against him until the three year statute of limitations intervened to save him from prosecution on their charges, the prosecutor said.

Winsor is alleged to have sold bonds of the Beaconsfield Hotel company of Chicago, representing them as first mortgage bonds whereas there were two other mortgages having precedence against the apartment building in Chicago which was owned by the company it is charged. One mortgage had been foreclosed on the property, the prosecutor said. Winsor organized the hotel company and sold the apartment building to it the state's attorney said.

MR. WHEELER READY TO FIGHT FOR TICKET

County Commissioner George A. Wheeler, who was defeated by Chares S. Black Tuesday in the contest for nomination for sheriff, is a good loser. Wednesday morning he hastened to assure Mr. Black that he will support him heartily in the November election and is ready to do his best for the entire ticket.

Mr. Wheeler is justly popular with a large number of friends and while they were enthusiastic for his success, they were well aware of the spirit with which he would meet defeat.

Last night Mr. Wheeler said: "I want to tell the people thru the Journal how much I appreciate the interest shown in my candidacy in precincts all over the county. Friendships were formed during this campaign which will be unending and while I was not successful in securing a majority to give me nomination, I certainly am indebted to the people who voted for me in such a generous way. However, the party is bigger than individual members and I am going to be an enthusiastic supporter of the fine ticket that will represent Republicans in this campaign. I hope to show myself worthy of the support given me."

ILLINOIS TRACK TEAM LEAVES TODAY

CHAMPAIGN, Ill., April 12—Coach Harry Gill, manager Art Squier and 23 University of Illinois trackmen will leave tomorrow for their first spring training trip into Texas. They will meet ice Institute at Houston Saturday and Texas University at Austin Tuesday. The team is said to be in the best of condition it has attained since it won the indoor conference meet at Evanston, Ill. in March.

Among those who will make the trip are Milton Angier, thrower of the javelin; Bob Ayres and Vernon Ascher, sprinters; McGinnis miler, Yates, Halfmiler, Wharton two miler, Wallace, hurdler and Osborne broad jumper.

TIGHT RACE IN "UNCLE JOE'S" TERRITORY

Danville, Ill., April 12.— With complete unofficial returns at hand, both State Representative W. P. Holaday and State's Attorney J. H. Lewman, both of this county, claim the nomination for congress by about 20 votes. The nomination appears to hinge on the accuracy of returns from Cumberland county, the extreme southern end of "Uncle Joe" Cannon's shoestring district, and it will take the official count to decide it.

MISSISSIPPI RIVER CONTINUES TO RISE

ST. LOUIS, April 12—The Mississippi river here is at its highest since 1909 authorities announced tonight when a stage of 37.1 feet was registered. A forecast of 32.2 has been made for Friday. CHAPIN WOMAN'S CULB IS ENTERTAINED

Mrs. J. M. Fox is Hostess at this Week's Meeting of Club—Other Chapin Happenings of Special Interest.

CHAPIN, April 11—Mrs. J. M. Fox delightfully entertained The Chapin Woman's Club, Tuesday afternoon at the home of her sister, Mrs. L. A. Alderson. There were twelve members and five guests present. Roll call was answered with sewing room hints and a number of new and helpful ideas were exchanged. Mrs. E. E. Sidles read an excellent paper on "Child Prodigies". Mrs. Helene Markham favored the club with a much enjoyed piano solo. Mrs. Alderson played several selections on the piano.

During the social hour, delicious refreshments were served by the hostess.

Miss Amy Ouken left Tuesday for Dallas, Texas, after a short stay. From there she will proceed to Austin, Texas, returning she will stop at points in Arkansas and Missouri being gone about two weeks on business connected with the Pi Beta Phi.

The Misses Martha Lehman and Ina Shaull entertained at a Five Hundred party at the Sidles hotel Monday evening. On account of the rain and bad roads a number of the county guests were unable to be present. Five tables were made up and a most enjoyable evening was passed. Candy and salted peanuts were served during the evening.

Miss Betty Boggard was a Monday guest at the home of Mrs. P. H. Ham, leaving for her home in St. Louis Tuesday morning.

Mrs. Phoebe Scott is on the sick list.

EXCUSES IS SUBJECT AT NORTHMINSTER

Dr. Sears Heard By Large Audience Wednesday Evening at Northminster Revival—Inspiring Song Service.

At Northminster church Wednesday night Dr. Sears addressed a large audience on the subject, "Why Men and Women Are Not Religious.". A thirty minute song service preceded the sermon led by Frank Bracewell. These inspiring song services contribute in no small way to the success of the meetings now in progress at the church and the leadership of Mr. Bracewell is al that could be desired.

Dr. Sears took as his text Luke 14:18. He said that he would give twelve excuses that people give for not being religious. In part he said:

"Some say they do not believe the Bible. I believe it because it has done for the world and individual just what it promised, nothing more and nothing less. I believe it because it made me a better man.

"Again some say that the matter of religion is too hard to understand and they wont accept anything they do not understand, but you accept many things out of the Bible you do not understand. You could not understand the blue back spelling book if you did not study it any more than you do the Bible.

"Again, another says he does not feel like being religous. Religion is not a matter of feeling it is a matter of principles. Religion is a principle. I am not a Christian from feeling, I am one from principle.

"There are too many hypocrites in the church. My brother, you need not stay out of the church because there are hypocrites in it, there is room enough for one more. Every hypocrite will go to hell, you had better live in the church ten, fifteen or twenty-five years with him than to live with him in hell forever. I had rather go to heaven from a church full of hypocrites than to go to hell from a church full of angels.

"Some say they have no time to be religous. Some day you will have time to die.. I have heard men say that they had tried but failed. It is not to try but trust. I would be religious but I am afraid I can't hold out. No man can hold himself out, but God can keep that which we commit unto him, 'God upholdeth all things by the word of His power.'

"Some think that they are too old to be religious, no, as long as you have a longing to repent of your sins and believe in Christ you can be saved. Nor are any too young, if they know right from wrong.

"Some will wait until their dying bed. I do not believe much in dying-bed repentence. Religion is a matter of choice, when you come to die there is no choice, you must die."

Dr. Sears stated that tonight he would tell you about three men he had met in Jacksonville. He said he would tell you all about them.

The Baptist Revival

It was an enthusiatic dining room full of collegt girls singing "Endowment Sings" that Evangelist Dunk listened to last night while at dinner at the Illinois Woman's college. When they were through, he invited them to come and hear him sing at the vesper service in the assembly room and they responded by filling most of the seats. The evangelist then led them in singing religious chorusos, and by singing a solo himself and asking them to respond with a chorus. The young women repeated the Scripture lesson from memory.

The evangelist then gave a heart to heart talk on the value of a religious life and the importance of living it while in college. This service closed at 7:25 and five minutes later he opened the service at the First Baptist church with a spirited revival song. A half hour of song followed, after which the evangelist preached on the subject, "The Suffering Saviour and the Purpose For Which He Suffered." He spoke interestingly on the Sermon on the Mount, remarking that to some folks this sermon consists chiefly of one verse, "Do unto others as you would have them do unto you." But the evangelist reminded his audience that there are three whole chapters in Mathew given up to this sermon which are filled with injunctions regarding a straight life and a sound foundation.

At the invitation of the evangelist, two came forward to make a public profession of faith in Christ. This was followed by an old fashioned hand shaking in which the congregation joined.

Evangelist Dunk announced that his sermon on Wednesday night would be on the subject, "So Near and Yet So Far." An added feature at the Wednesday night service will be the Sunay School Orchestra which will asist the chorus choir in the song service.

Evangelist Dunk has been invited by the principal, Miss White, to conduct another "Sing" at the David Prince High school on Thursday morning at the regular assembly period.

We solicit your ice orders and assure you prompt and courteous service.—WALTON & CO. Phone 44.

Meeting Severe Tests of Service

THE dominating idea which has sustained those guiding the activities of the Standard Oil Company (Indiana) is expressed in a series of products which have met successfully the severe test of sustained service.

The Directors of this Company, realizing that petroleum products are essential to the welfare of the community, are striving constantly to achieve an ideal of practical perfection in every product manufactured and sold by this Company.

The result is, that wherever strains are severest, wherever the need is most intense, there will be found products, devised by the experts of the Standard Oil Company (Indiana), to meet the conditions and relieve the situation.

As an example of a product, which bears up under rather spectacular service tests, take Fortnite Long Time Burner Oil for railway signal lamps. Every traveler on the railroad realizes the vital importance of dependable signals. This dependability rests to a large degree upon the quality of oil used in the lamps. It has been found that wherever conditions are particularly severe Fortnite Long Time Burner Oil has delivered highly satisfactory service.

The same ideal of perfection applies to every one of the long list of petroleum products manufactured by this Company, whether the demand for them be large or small. Each of these products has a record of reliability. Each is made to meet the highest standard of quality and this quality is maintained.

This ideal of service to meet severe tests is one basis upon which to estimate the value to the community of the service rendered by this Company.

CLOSE OF WHEAT MARKET UNSETTLED

By Associated Press.

CHICAGO, April 12—Offerings increased and buying power gave out in the wheat market today after prices had scored a moderate advance based to some extent on higher quotations at Liverpool. The close was unsettled varying from 1c net decline to ⅜c gain, with May $1.30⅞ to $1.31 and July $1.20 ½ to $1.20¼. Corn lost a shade to ⅛c and oats ¼c to ⅜c. In provisions the outcome was unchanged to 20c lower.

At first, demand for wheat showed considerable vigor upturns in Liverpool prices having been scored notwithstanding declines yesterday in the United States. A forecast that Argentine exports would be smaller tended also to strengthen values and so did word of continued better domestic milling call in the southwest. Besides gossip was current that the western crop harvest promised to be late in nearly all the surplus states.

Turning points at which sellers began to outnumber buyers in wheat pit were at prices above $1.33 for May $1.21 for July. Talk that wheat at Omaha had been bought for delivery in Chicago was partly responsible. In addition it was said much Chicago owned wheat at Kansas City would perhaps be brought here to fill May contracts. Under such circumstances and with export inquiry slow the early action of the market was reversed as the day drew to an end. Corn and oats prices were governed in the main by the changes in the wheat market. Trade was almost entirely of a local character.

Declines in the value of provisions were ascribed to lower quotations on hogs.

MANY SHARES CHANGE HANDS WEDNESDAY

By Associated Press.

NEW YORK, April 12.—Buoyancy best describes the tone of the stock market during today's early and intermediate stages the latter dealings being characterized by considerable irregularity. Sales of about 1,650,000 shares constituted a record for the current movement and the number of separate issues trade in probably established a precedent.

Lower money rates, cumulative indications of industrial and commercial betterment and higher for such basic comodities as oils, pig iron and finished iron and steel were among the developments which continued to stimulate bullish settlement and diminish the short interest. Call loans opened at 4½ per cent, but the light demand at that rate caused a reduction to 4 per cent in the second hour. More time funds were placed at 4½ per cent for 30 and 60 days, but longer dates held around 4¾ per cent. Reversing yesterday's trend the German rate was the only exception to the higher level registered by the majority of today's foreign quotations. Sterling demand bills were stronger at 44⅜.

Practically all Liberty bonds, notably the 3½s rose to par or better on transactions which involved single blocks of $1,000,000. Final prices for the group showed gains and in several instances closing quotations were at the day's highest quotations.

Total bond sales were $22,538,000, par value, and of this amount the largest of any day so far this year almost 30 per cent was contributed by Liberty and Victory issues.

LOCAL MEN VIEW BEARDSTOWN FLOOD

T. M. Tomilson and G. B. Andre Describe Conditions in Water Covered Portion of City—People Cheerful in Midst of Troubles.

T. M. Tomilson and G. B. Andre returned last night from a trip to Beardstown and report the conditions there due to the floods as most deplorable and discouraging and that the losses to the citizens and merchants will amount to many thousands of dollars. Until the waters subside it will be impossible to even estimate the damage done in the Beardstown district.

Mr. Tomilson stated they took a boat and rowed through some of the principal streets of the town, finding the water in many places more than six feet deep. He said that in one street he stood on the seat of the boat and found no difficulty in touching the top of the electric light poles which gives some idea of the situation. The waters were within a block of the Park Hotel. The United States mail is taken to and from the postoffice in boats and persons having business there make the trip in the same manner.

Last night, he said, the water was within three feet of the floor of the wagon bridge and rising higher steadily. Many buildings in the business district are settling causing the plate glass show windows to crack. A number of owners of business blocks are now filling their cellars with water from the hydrants believing that in this way they will prevent much damage when the rush of river water strikes their district.

There are a number of representatives of the big movie companies busily engaged in recording the unusual scenes. Photographers from acksonville and other nearby towns also have taken many views of the flooded district. Mr. Tomilson and Mr. Andre brot some home with them which will be on display at their stores.

Mr. Tomilson stated that the spirit of the Beardstown people in the face of their troubles is wonderful; that whatever may be their inward feeling over their losses they are showing the public and the hundreds of visitors only countenances of cheerfulness and a determination to make the best of the situation.

BAPTIST REVIVAL

With the rains and elections over the attendance at the revival meetings at the First Baptist church begin to show a marked improvement. The two big services of Sunday will be a repeated on Easter Sunday if conditions continue to improve. Evangelist Dunk spoke at the vesper service at the Illinois Womens College on Tuesday evening getting away in time to conduct the regular service at the Baptist church.

On Wednesday morning he addressed the students at the Business College. On Thursday morning he has been invited by the principal Miss White, to conduct another "Sing" at the David Prince High School at the regular chapel period. The Sunday school Orchestra assisted the choir in the music on Wednesday night.

New members are being received into the church at nearly every service. On Easter Sunday there will be baptisms at both services. The revival meetings will continue each night this week, including Saturday, the final services occurring on Easter Sunday night. At the conclusion of his work here Evangelist Dunk begins a series of meetings at the First Baptist Church of Centralia, Ill.

We solicit your ice orders and assure you prompt and courteous service.—WALTON & CO. Phone 44.

BIRTHDAL SURPRISE FOR ALEXANDER MAN

A. L. Dooley Given Very Pleasant Surprise on Anniversary of Birth — Other Alexander News.

Alexander, April 12.— A. L. Dooley was given a birthday surprise Tuesday evening at his home north of Alexander. The event was planned by Mrs. Dooley in honor of her husband's birthday and it was a genuine surprise to Mr. Dooley when about 25 of his neighbors and friends came and announced they were going to help him celebrate the important occasion.

There was an informal program of music during the evening and various games and contests helped to make the occasion an interesting one. Delightful refreshments wore served before the guests departed for their homas, all uniting in the best of wishes for their host and hostess.

Mrs. Hamm of Concord is visiting at the home of C. A. Moss north of Alexander.

Mrs. Orin Gray of Jacksonville spent Wednesday at the home of Mr. and Mrs. Lester Gray in Alexander.

William Erickson, who has been attending school in Chicago, has returned to his home here.

J. E. Erickson of Jacksonville was a business visitor in Alexander Wednesday.

The Easter bazaar which was to have been held Thursday evening by the Willing Workers of the M. E. church has been postponed until next week on account of the bad roads.

INDUSTRIAL WORKER CASE

In the office of Circuit Clerk Wanamaker proceedings have been filed by the Illinois Woman's college against the state industrial commission. The purpose of the proceedings is to prevent judgment being entered against the college for an industrial award of $1,000 made to Harry Golden, a painter.

Accident in which Mr. Golden was alleged to have sustained injuries occurred more than fifteen months ago, when he was in the employ of Williams & Wilder, who had contracted for some painting work at the college. In the proceedings the College was represented by Bellatti, Bellatti & Moriarty.

BARNS TO BE REMOVED.

Another of the very few remaining barns on East Morgan street is sto be removed, Illinois Woman's College having sold such a building to Mr. Dalton of Greenwood ayenue. This barn was on the south end of the lot recently acquired by the college from Alexander Platt. Its removal will add to the desirability of Morgan street for residence purposes.

The college has recently sold a barn on Court street at the north end of property acquired a number of years ago from the Bronson estate. This building removal marks a decided improvement for Court street. These two items might properly be listed in the news of clean up week.

HAVE YOU A JOB FOR AN EX-SERVICE MAN?

Has any person in Jacksonville employment for an ex-service man? C. E. Segner, adjutant of Harrison Dickson post No. 503, Veterans of Foreign Wars, last night stated that a member of old Co. B, of Jacksonvile and later in the artillery service overseas, is very much in need of work.

This ex-service man has been out of employment now for a number of weeks, altho he is ready and willing to do work of any kind if given the opportunity. He is a shoe repairman by occupation but as indicated, is not particular about the kind of employment and will appreciate work even if the position is not permanent.

If you can do anything for this ex-service man see Mr. Segner at his home, 302 West North street, or call him by phone, 632.

SUNDAY SCHOOL WORKER IS DEAD

C. L. DePew Receives Word of the Death of Dr. Frank L. Brown.

The death of Dr. Frank L. Brown, general secretary of the World's Sunday school association at his home in Brooklyn, New York, was learned Tuesday evening by Clarence L. DePew, of this city, who is the business superintendent of the Illinois Sunday School association.

Dr. Brown, who was formerly a banker of Brooklyn, started out in his career with the intentions of retiring from business when he had made a sufficient amount of money, and then devote himself entirely to Sunday school work. He early reached his goal in the commercial world, and then he lived up to his convictions in the religious world. He started a Sunday school in Brooklyn in a store room that grew in 15 years to be the largest in the world.

He traveled extensively in the interest of the International Association and was elected to the position he held at his death, during the World war.

Some 15 years ago, Mr. DePew while on an extended eastern trip, visited at the home of Dr. Brown in Brooklyn. Since that time they had became personal friends. Dr. Brown will be mourned by the church people of every community.

EASTER RECESS HAS COMMENCED

College Students Going Home for Easter Holidays—Many Will Remain at School.

The Easter recess for Jacksonville colleges and schools began this week and a great exodus of students has already commenced. The vacation at Illinois College began yesterday and school will not commence again until next Thursday. A large number of students have left for their homes or have gone with friends to spend the week as guests in nearby cities.

The Easter recess at Illinois Woman's College begins this noon and will last until Tuesday, April 18th. Many of the girls who live a great distance from Jacksonville are not going home and will spend the week end at the college. A number of parties and little entertainments are being planned for those who remain at the school over Easter.

A number of Jacksonville students who had planned to go home for Easter will be unable to do so on account of the floods and high water in so many sections of the country. Railroads have ceased to operate in a number of localities and train service has been so impaired that travellers will be unable to reach their destination for a number of days at least.

NOTICE TO SCHOOL CHILDREN

All children of the public and parochial schools are requested to meet promptly at 9 o'clock Saturday morning in front of the high school building to take part in the Clean-Up Day parade. You are expected to bring a broom, rake, hoe, or other cleaning utensil to carry with you while marching.

(Signed)
Clean-Up and Paint-Up Committee.

George Souza, who is representing the Prudential Insurance Company, was in Waverly yesterday on business.

PLANS ABOUT MADE FOR SCHOOL PARADE

This Feature of Clean-Up Week Will Be in Charge of Louis L. Horen—Proclamation will be Issued by Mayor.

The committee in charge of the Clean Up and Paint Up campaign which is to be staged in Jacksonville, beginning next week, has nearly completed the plans for the big parade of school children to be held Saturday morning. Louis L. Horen will be in charge of the parade and hundreds of children are expected to be in the line of march. The children of the public school and Parochial schools will meet at the high school at nine o'clock and with rakes, hoes, brooms, dust pans, brushes, and other cleaning utensils will parade through the business district. A band or drum corps will lead the procession. The Military company, Boy Scouts and Camp Fire girls from the Illinois School for the Deaf will take part in the parade and the local Scouts will also be in the line of march. The latter will start immediately on a preliminary survey of the city, making note of the places which need cleaning up.

The committee is working on a plan to have a general painting up in the business district. It is hoped that the railway and Light company's poles may be freshly painted, the boulevard lamp posts, fire hydrants, park benches, traffic markers, and trail marks all given a touching up with fresh paint. Several business men have already agreed to have the store fronts painted and as painters have made an estimated cost of from $8 to $10 for painting the front of a store, it is probable that a large number of business houses around the square will cooperate in the paint up and clean up movement.

Mayor E. E. Crabtree will issue a proclamation in regard to Clean Up and Paint Up campaign and this proclamation will be printed in the newspapers and placed on the sign boards all over the city.

ATTENTION K. OF C

Regular meeting toniht 8:30 o'clock.
